

PMI Releases Version 1.1. of Product Category Rule (PCR) Guidance Document for Kitchen and Bath Vessel Fixtures

Plumbing Manufacturers International (PMI), in collaboration with its members, has issued version 1.1. of the [Product Category Rule \(PCR\) Guidance Document for Kitchen and Bath Vessel Fixtures](https://www.safeplumbing.org/files/safeplumbing.org/documents/resources/PMI-Kitchen-and-Bath-Vessel-PCR-Guidance-Document-1-1.pdf). The guidance document was developed to help program operators apply consistent rules and calculations when developing PCRs for these fixtures, and has been distributed to them for their use.

The document was created by PMI's Sustainability Task Group. Comprised of PMI manufacturing members, the task group is part of PMI's Water Efficiency and Sustainability Committee. The purpose and scope of this committee is to develop and implement strategy to influence public policy, legislation, regulation, certification, listing, and labeling related to the sustainability and water efficiency of plumbing products. The task group plans to develop additional guidance documents for other plumbing products.

About Plumbing Manufacturers International

Plumbing Manufacturers International is the voluntary, not-for-profit international industry association of manufacturers of plumbing products, serving as the Voice of the Plumbing Industry. Member companies produce 90 percent of the United States' plumbing products. As part of its mission, PMI advocates for plumbing product performance and innovation contributing to water efficiency and savings, sustainability, public health and safety, and consumer satisfaction. PMI's members are industry leaders in producing safe, reliable and innovative water-efficient plumbing technologies. PMI members manufacture water-efficient toilets, urinals, faucets, showerheads and other products at more than 70 locations in 25 states and that are sold in home improvement stores, hardware stores and showrooms. For more information on PMI or its conferences, contact the organization at 1921 Rohlwing Road, Unit G, Rolling Meadows, IL, 60008; tel.: 847-481-5500; fax: 847-481-5501. www.safeplumbing.org.
