As Vice President and General Manager - U.S. Wholesale, Todd Teter is responsible for defining, developing and implementing strategies for the growth of Moen's Wholesale Business Unit, which targets wholesale single family and non-single family builders, plumbing showrooms, plumbers and distributors. His role incorporates areas such as new product development, channel/target marketing, product development, sales, finance, operations, communications, and more.

Mr. Teter joined Moen in 2001 as Vice President of Channel Management. He then served as Vice President, Product Marketing for one year and Vice President and General Manager of Moen's Retail Business Unit for three years, where he made significant contributions in deploying a new vision, mission, platform strategies and cultural drivers for this focus area of the company. Prior to Moen, Mr. Teter worked in sales and marketing management positions with Procter & Gamble, NuTone, Florida Tile, and Paper Pak Industries.

Mr. Teter graduated from John Carroll University with a Bachelor's Degree in Management. He also attended the Williams Management PLC Senior Management Programme at Templeton College in Oxford, England.
