Samir Abdelnour is an associate at Hanson Bridgett.

Mr. Abdelnour's practice focuses on environmental litigation and counseling. He routinely advises and represents Fortune 500 companies, small businesses, public agencies, and individuals in regulatory environmental compliance, environmental enforcement actions, remediation of contaminated properties, land use entitlement and permit proceedings and litigation. He has defended numerous manufacturers, distributors and retailers of consumer products in California in Proposition 65 private enforcement actions and provides ongoing counseling to assist companies in complying with new product warning regulations going into effect in 2018.

Mr. Abdelnour's practice includes expertise in a broad range of environmental and land use laws at the federal level and in California. He also has experience litigating general commercial and business disputes.
