Silvio Ferrari is a lobbyist for Sacramento Advocates, Inc. Established in 1990, Sacramento Advocates, Inc. is one of the most prominent governmental relations firms in California.

Prior to joining Sacramento Advocates Inc., Mr. Ferrari spent seven years with the California Building Industry Association (CBIA). Mr. Ferrari held several positions with the CBIA, but he most recently served as the vice president where he was responsible to oversee all aspects of the CBIA's legislative and regulatory priorities and strategy. In this capacity, Mr. Ferrari was responsible for issue areas that included local government, transportation, water, land use, affordable housing, school facilities, Americans with Disabilities Act (ADA), energy, natural resources, green building, and renewable generation and storage, just to name a few.

Prior to joining the CBIA, Mr. Ferrari worked for both public and private land developers and builders overseeing dozens of projects including the development and construction of Federal Express Ground's West Sacramento facility, a one-hundred thousand square foot Jacmar Foods distribution facility, the relocation of International Paper's facility, and hundreds of residential homes for one of the nation's leading single family and multi-family builders.

Mr. Ferrari has a Master of Science in green building, a Bachelor of Science in civil and structural engineering from University of California, Davis, is a Leadership in Energy and Environmental Design (LEED) accredited professional, and holds a certificate in Green Building and Sustainable Design.
