Time: 2:15 pm – 3:15 pm

Lee Mercer

Executive Vice President, Industry Relations and Business Development
International Association of Plumbing and Mechanical Officials(IAPMO)
Phone: 330 483 1983
lee.mercer@iapmo.org

Lee Mercer has 34 years of comprehensive experience in the plumbing industry in both the product manufacturing and non-government organization sectors.

Mr. Mercer joined International Association of Plumbing and Mechanical Officials (IAPMO) in 2014 and is currently the executive vice president of industry relations and business development. Prior to joining the IAPMO Group, Mr. Mercer had a 30-year career at Moen Incorporated working in product design and development and as the director of product compliance.

Mr. Mercer is a past and present member of numerous plumbing product standard committees with American Society of Mechanical Engineers (ASME), American Association of Sanitary Engineering (ASSE), Canadian Standards Association (CSA), National Sanitation Foundation (NSF) and IAPMO. He has been active in Plumbing Manufacturers International (PMI) for 20 years as a committee chair, member of the board of directors and served as PMI board president in 2010.
