Alex Chausovsky is an accomplished speaker and the director of speaking services at ITR Economics. He is a highly experienced market researcher and analyst with more than a decade of expertise in subjects that include macroeconomics, industrial manufacturing, automation and advanced technology trends.

He has consulted and advised companies throughout the U.S., Europe, Brazil, China and Japan for the last 15 years and has been featured on NPR, the BBC, and in the Wall Street Journal.

Mr. Chausovsky regularly delivers keynote addresses at leading industry events to rave reviews. His charisma, engaging personality and refreshing demeanor on stage always surpass the audience's expectations.

His extensive consulting expertise is greatly valued by management teams of companies both large and small. ITR Economics' clients rely on his input when developing strategic plans for the future, as he helps them plan for risk conditions and find areas of opportunity.

Mr. Chausovsky is currently responsible for providing reliable industry and company forecasts, presentations, webinars, and economic consulting services for small businesses, trade associations, and Fortune 500 companies across a spectrum of industries. In his prior role, he led a group of analysts covering the industrial manufacturing domain. He was also the lead analyst for 3D printing at a major international firm.
