Department of Commerce and the International Trade Administration

The Office of Materials Industries

Phone: 202 482 3836

Brian.Ledgerwood@trade.gov

Brian Ledgerwood serves as office director at the Department of Commerce and the International Trade Administration (ITA) in the Office of Materials Industries. In September, he completed 30 years of service with Commerce and ITA.

Previously, he served as the acting director for the Office of Materials Industries, team lead for Building Products in the Office of Textiles, Consumer Goods, Materials, Critical Minerals and Metals, and a senior international trade specialist in industry and analysis focused on forest products, building materials, and precious metals. Ledgerwood started his career with enforcement and compliance, earning roles as senior import compliance specialist and program manager during his more than 11-year tenure with the business unit.

Brian is married to Ellen and enjoys skiing, spending time outdoors, playing pool and disc golf, and is a dog enthusiast.
