

SPEAKER INFORMATION

Kate Olinger

Senior Director, Regulatory, Sustainability and External Affairs
GF

Phone: (612) 345-1292

kate.olinger@georgfischer.com

With more than 20 years of experience in the water industry, Kate Olinger is a driven, dedicated professional with a background in process engineering, new product development, product management, and project management. In her current role, she oversees regulatory, sustainability and external affairs in support of GF's business in the Americas.

Kate plays a key role in bringing together internal strategies, external affairs, and industry organizations to advance key initiatives and achieve company goals. With her decades of knowledge, she skillfully advocates on behalf of the company in the industrial, infrastructure, plumbing and HVAC industries, serving as an expert to both internal and external entities on a variety of key social and governmental issues that allow GF to conduct business throughout the Americas.
